WARM CONTEST ON FOR PRESIDENT OF SENATE

In House Robinson of Cache Appears to Have Cinch on Speakership.

Caucuses of both senate and house will be held this evening for the purpose of nominating candidates for president of the senate and speaker of the house, and minor officials of the legislature, by the church Republican party. The senate caucus will convene in the council chamber, in the joint huilding, which chamber will be used by the senate during this session, while the house will caucus in Judge Ritchie's courtroom. Both caucuses will convene at

So clock.

Candidates for president of the sen-ate and speaker of the house have had headquarters open for several days, and senators and members have been but-tomboled on arrival by friends of the candidates and their claims presented. Up to last evening there was every indication that Senator John Y. Smith of Utah county had the presidency of the senate nailed down, but a change has occurred and the stock of Senator Gardner, also of Utah county, has risen several county. several points. At a late hour Friday night it looked as if the stampede in his direction was of sufficient force to

nominate him.
Today there will be a caucus of his friends. Ten are necessary to nominate and his friends claim that he has more than this number who this afternoon at a conference will pledge themselves to stand by him in the full caucus this

who some time since was mentioned in connection with the presidency of the senate, has apparently dropped out of the race, for his name is only heard consistently.

In the speakership contest, former Mayor Robinson of Legan has the inside track. True, Bishop Thompson of Millard is making a strong fight, and his friends maintain that he will go into the caucus with enough votes to moments him.

Robinson's friends, of course, declare that the claims of the Thompsonites are absurd and that the statesman from Millard has no show whatever. In fact, they are claiming that
when the cancus is convened there will
be but one candidate for speaker, and
that candidate will be Robinson.

UNIMPROVED PROPERTY MAY BE GIVEN BOOST

County Commissioners Are in Favor of Increasing Assessment.

There will be some radical changes as to the assessment upon unimproved property in the city this spring, if the county commissioners have their way The assessments will be materially boosted, it is declared. The idea is to make the owners of such property either improve or sell to some one else who will improve it.

At a recent conference between the ounty commissioners and Amos R. Gabbott, the new county assessor, the com-missioners asked Mr. Gabbott to look into the assessments upon unimproved property and report back to them. This is perparatory to the sending out of the fifteen city deputies from the county assessor's office next Tuesday. If the preliminary investigation proves the commissioners' stand, it is entirely probable that the deputy assessors will he instructed to give the assessments a healthy boost.

The corporation, it is set out, was organized upon the scheme of J. J. Cusick of one part, Tyree of another part, and Gallagher of another part, December 6, 1997. In accordance with the agreement 400,000 shares of stock of the Gem company were delivered to the Reliance company, and by it all but 66,66623 shares were distributed pro rata among the stockholders. Thus the plaintiffs, being stockholders in the Reliance, became stockholders in the Reliance, became stockholders in the Gem company.

Serious Allegation.

Immediately upon the formation of the Gem, it is charged. Tyree and Gal-lagher assumed and exercised complete control, and confederated to use the control, and confederated to use the stock for personal gain and to the detriment of the company. Tyree and Gallagher, it is alleged, issued the entire amount of stock and pocketed the proceeds. Tyree and Gallagher have admitted, it is charged, that they sold certain shares, for which there should have been an accounting at the rate of 50 cents a share, but they have refused to render any accounting. They also falsely and fraudulently give out that the stock of the Gemeompany, to the amount of 800,000 shares, is issued and outstanding, it is

sbares, is issued and outstanding, it is alleged. Tyree and Gallagher, it is further alleged, have also issued notes and other obligations in the name of the Gem-company without authority, and have further pledged the credit of the corporation. Gallagher is a resident of Pennsylvania, and two members of the board of directors live in the same state. These directors are under the complete domination of Gallagher and Tyree, it is charged, and with them constitute a majority of the board. The remaining directors live in Utah, but take no part in the company's affairs. C. S. Varian, one of the resi-

dent directors, it is alleged, has re signed and refused to act as such.

The Tenabo company is brought into the suit on the allegation that, under an agreement entered into between it and the Gem a few days ago, will issue to the Gem 450,000 shares of its stock, of which 50,000 will be placed under the control of Tyreo and Gallagher for the purpose of payin alleged indebtedness of the corporation and the remaining 400 000 will in N and the remaining 400,000 will, in November of 1909, be distributed vember of 1909, be distributed among the Gem stockholders. The Gem maintains headquarters in Salt Lake City. The directors, it is alleged, do not in any manner participated in the manufacture of the comalleged, do not in any manner participate in the management of the company's affairs, except as permitted to do so and directed by Tyrce and Gallagher. The capital stock of \$2,500,000 is divided into 1,000,000 shares, valued at \$2.50 each. Nobody knows the number of shares of stock outstanding except Tyrce and Gallagher, and all efforts along that line have availed nothing, the complaint alleges. Wylie owns 72,000 shares of this stock, and the other plaintiffs 1333 1-3 shares each. In this connection Tyrce is made the defendant in a separate suit by Browning against him and the Gen company to recover \$5195.15 alleged to de upon a promissory note bearing date of May 21, 1908, secured by date of May 21, 1908, secured by date of May 21, 1908, secured by the description of the gen comparation of stock to the Tenabo, and Browning asks that it be restrained from so doing.
